

HELPS OUT EGG SHIPPERS

Minimum Weight of Cases is Restored to Fifty-Three Pounds.

GREAT SAVING IN THE FREIGHT CHARGES

Shippers in Nebraska Protest Against a Recent Increase in Weight and Carry Their Point-Other Railway Information.

Changes have been made in the estimated minimum weight on egg shipments from the transmissory country which will be of considerable importance to those engaged in that industry.

This is especially burdensome because the rate on eggs to the eastern market is high. To seaboard points it varies from \$1.25 to \$1.60 per 100 pounds.

An investigation was started, resulting in the fact that eggs weigh more in the spring than at any other period of the year and following up the weight in different seasons it was found that fifty-three pounds came nearer being a fair average of the shipment than fifty-five pounds.

The Western Trunk Line association recently ordered the old minimum of fifty-three pounds restored and the decision went into effect last Monday.

The restoring of the old order will be welcome news to an egg shipper, as it will mean many dollars in their pockets in the course of a year's business.

QUINCY ROUTE MAY BE BOUGHT UP.

Bigger Lines Are Said to Have an Eye on the Property.

Now that the Omaha & St. Louis and the Omaha, Kansas City & Eastern are operated independently of the Kansas City, Pittsburg & Gulf, there is a revival of old-time rumors that the lines may be purchased by some of the larger eastern companies to prevent the possibility of the Gulf road, after its reorganization, securing a foothold in this section of the country.

The Baltimore & Ohio Northwestern would only have to build forty miles of road from Beardstown, Ill., to give it a connection with these lines at Quincy and thereby have a direct line to the Missouri river.

Caldwell's Successor is a Problem. It is not believed in Omaha now that a successor to B. D. Caldwell as chairman of the Western Passenger association will be chosen at an early date.

In the event of a deadlock among the passenger men the question of selecting a chairman can be referred to the executive officers of the roads interested, which include the general managers or vice presidents, and they will not have so much trouble in coming to a decision, as they have been in a measure free from the bickering which have marked the proceedings of the association during the last year.

Decamped with a Watch and Cash. Paul Climent sometimes has guests in his house who leave suddenly and without notice to him and who get his things mixed with their own when they pack up.

SPRINGFIELD, Ill., June 14.—United States Circuit Court Judge Allen today ordered the sale under foreclosure of mortgage of the St. Louis, Indianapolis & Eastern railroad. The complainant was the

Central Trust company of New York, trustee of the first mortgage of \$1,150,814, the interest on which the road had been in default since September 1, 1891.

WATCH FALSE CLASSIFICATIONS.

Interstate Commerce Commission is Keeping Close Tab on Shippers.

Special attorneys for the Interstate Commerce commission are engaged in all parts of the country in a campaign against shippers who misrepresent the quality of goods shipped, in order that a wrong classification may be secured at a lower rate.

A few years ago an important shipper in Omaha was picked up on this charge and fined \$500. He said afterward that the shippers in this city who have persistently violated the law governing the classification of freight, and Superintendent Carmon of Chicago, during his last visit here, warned them that if the practice was not discontinued they would hear something from the punishment for this offense is a fine of not more than \$500, or imprisonment for not more than two years, or both.

Changes on the Pennsylvania. PHILADELPHIA, June 14.—The Pennsylvania Railroad company today elected Samuel Rea as fourth vice president.

Dividend on Fort Dodge. NEW YORK, June 14.—The directors of the Des Moines & Fort Dodge Railroad company have declared a dividend of 7 per cent on its preferred stock payable August 1.

Railroad Notes and Personalities. Elliott Marshall, general agent for the Burlington & St. Joseph, has returned home after a business visit in this city.

The St. Paul people suffered a washout near Neola, Ia., Tuesday evening, and No. 1 is reported indefinitely late, while No. 2 has been abandoned.

W. H. Cundey of Denver, traveling passenger agent for the Denver & Rio Grande, is in the city, filling up the local office with advertising matter for his road.

The eastern half of the state received another heavy rain Tuesday night and good showers are reported to the railroad offices from many points in the western part of the state.

The City Passenger association has completed the details for its picnic, to be held at Arlington next Saturday. Arrangements have been made with a local caterer to provide and serve a lunch and dinner for the boys on the picnic grounds, which will relieve the railroaders of one burden and leave them more time for other pursuits.

Everybody can go Sailing.

35c, 45c, 60c, 90c Ladies' Sailors

It's easy sailing just now in our ladies' hat department. You can wear one of those becoming hats for very little money, and everybody looks well in a sailor, and everybody can buy one when the prices are one half the usual price—and one half what you expect to pay for one.

Our line at 35c are exceptionally good values, and are the same quality and style that sells elsewhere for 75c—blue and black bands. Our line at 45c, comes in plain and rough straw—plain colored bands or with plaited silk bands and quill ornaments—they are worth double the price we ask you for them, and all nice, fresh, clean goods.

Our line at 60c are the same style and quality that usually sells for \$1.00—plain or silk plaited bands—quill ornaments—no shop worn goods—all new and in the house a few days only. Our line at 90c are pinks of perfection, they are the same kind that you see in your rounds marked \$2.00.

This is beyond a doubt the greatest sacrifice of ladies' new and up-to-date sailors that Omaha has as yet witnessed, in as much as every hat is new and this season's styles—no job lots or bankrupt stock—first floor—fifteenth street entrance.

Remember, that this coming Saturday, we will give to every girl hereabout a pair of Vici Kid

Slippers for her doll's feet. No matter how big or how small the doll may be, we shall have a pair of slippers for it (or will make them) if you bring it to the store that day, and are accompanied by an adult. There will be no charge or condition of any kind—other than the above.

Vici Dressing sa preservative of leather. It prolongs the life of shoes. It makes the shoes look like new. It makes every day seem like "new shoe" day. It finishes the list of clean faces and clean hands, adding clean shoes. We sell it.

During this week we have ladies' mads at our store teaching shoe care by proper dressing. It means better wear, better looks, better satisfaction from shoes—money in one's pocket.

Baking Powder Economy. The manufacturers of Royal Baking Powder have always declined to produce a cheap baking powder at the sacrifice of quality or wholesomeness. The highest grade and most highly refined ingredients only are employed in Royal; hence its well known superiority. It is always the case that the consumer suffers in pocket if not in health by accepting cheap powders as substitutes for Royal Baking Powder. The Royal is made from pure grape cream of tartar, and is the embodiment of all the excellence possible to be attained in the highest class baking powder. Avoid alum baking powders. They render the food unhealthful.
